

Bank Count Corp.

Time tested, integrated production processing systems ensuring accurate on time delivery of your documents.

The Organization

Bank-A-Count, a privately owned corporation, was founded in 1955 as a provider of bookkeeping information offered through an automated check recording system. In the 1960's Bank-A-Count used its state-of-the-art computer technology to become a national leader in the supply of loan amortization schedules and related financial computations. As computer use expanded nationally, payment coupons were developed as a product line in the 1970's, and check printing product lines were developed in the 1980's.

Today, Bank-A-Count provides processing services for a variety of industries and companies across the United States. Clients include property management companies, financial & non-financial institutions, and other businesses.

Your Customer Service Team

The cornerstone of what sets Bank-A-Count apart from its competitors is the outstanding customer service. You will always be answered by a friendly customer service representative that has extensive knowledge on the products we offer. The customer service staff at Bank-A-Count have an average of 16 years experience with the company.

"...not only have you improved on an already well-oiled machine, the people that you have in place have just been wonderful..." Joanne Cadreau, PA

Website

24/7

You have access to a secure website available to you 24 hours a day, 7 days a week. You have the ability to create and update products, place orders, track orders, review past order history, and much more. The system was built with you, the end user in mind, making it quick and easy for you to use.

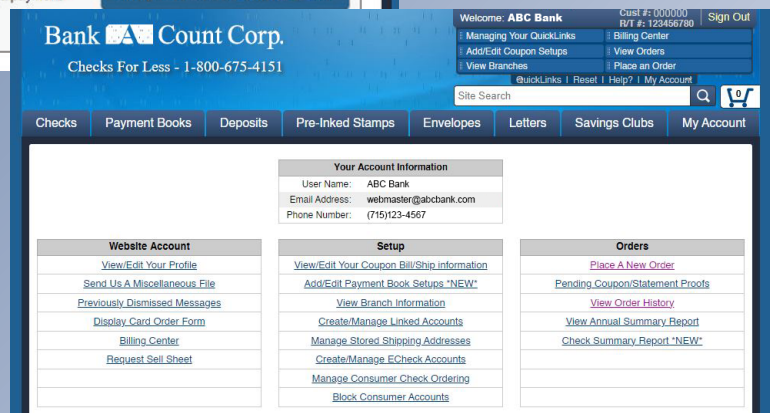

Set Up Multiple Users

For added security you have the ability to create and manage linked accounts.

Features:

- Set up multiple users for added efficiencies
- Account administration rights such as: adding users, deleting users, unlocking users, resetting users' passwords, and setting user permissions

Value Added Services

- **NO CONTRACT REQUIRED**
- **Confidentiality Policy / SAS70 / SOC2 Audit**
- **Industry Leading Customer Service.** When you contact Bank-A-Count, you call a convenient toll-free number that puts you in direct contact with the printing facility, not a complicated switchboard. Just one easy phone call to your coupon specialists.
- **Fast, Reliable Delivery.** You can count on your standard orders being processed and shipped by the end of the next business day!
- **Choices of Data Entry Options.** Choose the method of order entry that will work best for you. Use our SECURE website for individual ordering or to upload a datafile. We also accept file formats from the service bureaus. Another popular option would be to send your secure file via electronic submission using FTP. Contact us for details. We even offer a FREE Excel File Format.
- **No Minimum Orders.** Single orders uploaded onto the website and mailed out the next business day.
- **Image Capture Coupon Format.** Special coupon background with “drop out” ink. “CAR” (Courtesy Amount Recognition) boxes. No additional cost.
- **Free Return Labels.** Standard coupons include convenient detachable return labels for borrowers use. This special option is included at no extra cost! Our clients tell us the labels speed remittances and help assure accurate addressing of incoming payments!
- **Custom Logos.** The coupons can even include your logo or special art (additional setup fee).
- **Group Buying Discounts.** Contact us for reduced rates for multi-bank holding company or data center pricing.

Delivery Time

Delivery Times Are Important!!

It's true! Standard orders received by 2:00 pm will be processed and shipped by the next business day!

Why not give us a try? The Bank-A-Count program will help solve just about any slow delivery problems you've run into on payment book orders!

- ✓ Faster in-plant processing is standard at no extra charge on every order
- ✓ Standard orders from computer files received by approx. 2:00 PM CST are printed and shipped by the next business day!
- ✓ There are no minimum order requirements
- ✓ Email, FTP, and website capabilities to speed receipt of your order file
- ✓ Standard orders ship either Ground or First Class Mail, but you may specify if you prefer Overnight Air service, etc (at additional cost, but no handling charge)

DUE DATE	PAYMENT NUMBER

If you would like to obtain information on the items listed below, please contact us either by phone, email, in writing or in person using the contact information supplied in this booklet.

- Monthly payment (including breakdown)
- Total of fees or charges imposed since last payment period
- Any payment amount just due
- Total of all payments received since the beginning of the payment period (including breakdown)
- Total of all payments received since the beginning of the calendar year (including breakdown)
- List of all transaction activity

Custom Imaging

Covers

Custom Cover Designs are a great way to add marketing impact to your finished package.

Include your corporate logo and any special graphics on the front cover of the book. Tailor the front or back covers. Forward a sketch or copy of any desired special cover designs and we'll be happy to provide pricing details, etc.

Logo Imaging

Custom static and variable imaging is also available. Common uses include adding your corporate logo or adding special text or graphics.

Custom Imaging/Inserts

Laser Inserts

Payment books from Bank-A-Count can include a variety of inserts. A low cost and efficient method is laser printing of your special text and graphics directly on the standard coupon stock.

A laser printed insert can be personalized and positioned just about anywhere in a book:

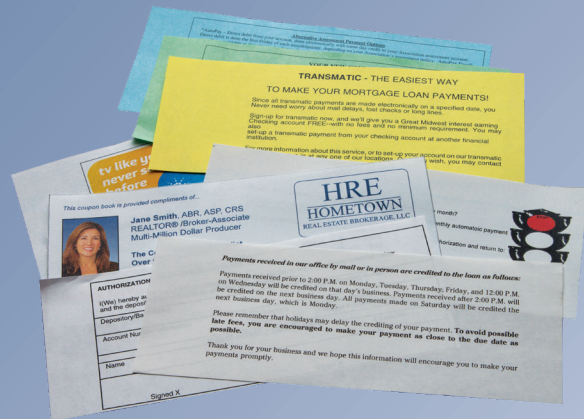

- First page in book
- Last page in book
- "x" number of pages after the first page in book
- "x" number of pages after the last page in book
- After every _____ payment (specify month of the year)

Bound Inserts

A perfect way to customize the look of your overall coupon book is to use custom bound inserts.

- Designed to your specifications
- Also available in color

Loose Inserts Available Too

To add marketing impact, you can have inserts stuffed loose with the outgoing books. For instance, if you have existing statement stuffers or brochures you could ship those to us for possible corporate wide use and we could stuff them loose with the books.

- Used for Marketing, Loan Servicing, or other use
- Cross-sell other services/products

Design to your specs - or provide materials to us

- Send us a mock-up of desired insert
- Or, send us supplies of the letter/brochure you wish to include
- We'll provide price quote and proof before implementing

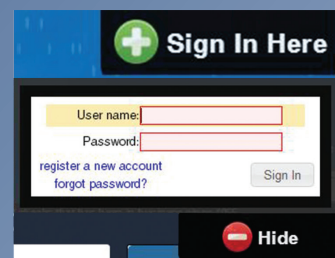

Ordering Books

Ordering is easy with access to everything you need 24/7.

1

SETUP your account with Bank-A-Count Corp.

- Click on “Sign In Here”
- Click on “register a new account”
- Enter printing specifications once logged in and registered by clicking “My Account”, “Add/edit coupon payment book setups” for each loan type/branch

Any Questions?

- Contact our customer service dept for questions on how to place orders quickly and easily
- Written directions are also available online by searching “FAQ”

Processing System

A time tested, integrated production processing system ensures the accuracy and on-time delivery of your documents. Bank-A-Count continues to improve with an internal processing system with even greater accuracy and faster delivery. After proof approval, standard orders will be shipped by the next business day!

The system has a single interface for the order processors to:

- Review customer comments and make the necessary changes
- Troubleshoot orders with order input errors
- Track orders that are in proof status
- Track how long orders are in production, ensuring that orders do not get hung up within the printing, bindery, or shipping areas

This system auto runs about 90% of the orders allowing your orders to flow through the production systems as quickly as the processing systems can handle them. Resulting in incredibly fast turnaround times.

Ordering Options

Data Input Files from your computer system

We accept input files from most in-house software systems and most data centers/service bureaus. Normally, we can work from your record layout so you don't have to make programming changes. If your system can create a coupon order file, the odds are we can accept it!

If you are already using computerized ordering, simply send us a test file for a free, no obligation review! Files can be uploaded through our secure website or, if you prefer, FTP transfers are available as well. Please call for details!

A screenshot of a web form for data input. The form includes fields for 'Your Name' (Sally Sample), 'Proof Email' (testemail@gmail.com), 'Data File' (Choose File, No file chosen), '(optional) Letter Insert 1' (Please make a selection), 'Print Setup Information' (Already on file), 'Proof option' ([Default] Do not send a proof for this order), and a 'Special Instructions' text area. There are also links for 'Add/Manage letters' and 'Manage coupon setups'.

Do you need a tool to create a computer order file?

Consider our FREE Excel based order-input template - it can be a great way to order 10+ books at a time if you don't already have an easy way to create computer order files. Give us a call at (800) 445-3913 to receive a free Excel template.

One Book at a Time

Have a need to order a single coupon book? Every day, we have hundreds of clients ordering a book or two to be rushed to the end user. Orders received by 2:00 pm will be processed and printed the next business day. We do this **without an up-charge or minimum fee.**

A screenshot of a web form for ordering a single book. The form has tabs for 'Names and Addresses', 'Payment Info', 'Options', and 'Review Details'. It includes fields for 'Customer Number' (799999), 'Print Setup' (0011 - Branch Office 1 Installment), 'Account Number', 'Name 1', 'Name 2', 'Mail finished book' (Please make a selection), and three 'Address' fields. A 'Continue to Payment Info' button is at the bottom right.
